Why Emerald Planet

We are a trusted Australian supplier of quality energy efficient solutions with

- A ‘Lighting Council Australia’ membership
- A proven track record
- Deep expertise in product development and compliance.
- Strong logistical infrastructure
- A commitment to quality
- Robust trusted warranties
- Listing under Lighting Council Australia’s SSL Quality Scheme
- Government abatement scheme approved products (VEET & ESS)
- A history of long term partnerships

About Us

Emerald Planet is an Australian owned manufacturer/distributor of energy efficient technologies with deep expertise in Lighting and LED technology.

Since 2006 Emerald Planet has been a leading supplier of energy efficient technologies servicing markets that include general lighting, environmental markets and abatement markets nationally across commercial and residential.

With a strong pedigree in product development and compliance and with a deep knowledge of manufacturing, Emerald Planet ensures all its products are designed to the highest possible quality, are robustly tested and meet all possible compliance, performance and safety standards.

Emerald Planet’s distribution capabilities and experience are strong and trusted, including the sales and supply of over 10 million products since its incorporation. Servicing all Australian states and territories and South Pacific islands including New Zealand, Fiji, Papua New Guinea, Emerald Planet has a proven track record in supplying high volume sales and logistics on time.

Emerald Planet is a trusted partner, working closely with its customers to help deliver the best results, forming long lasting business relationships.

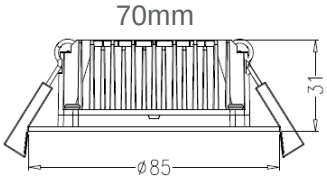
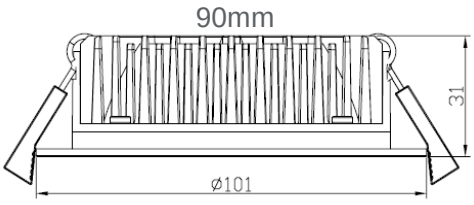
Downlight Luminaire Series





Features

- ✧ Dimmable across Triac dimmers
- ✧ Frosted white diffuser
- ✧ Low profit allowing installation into low ceiling.
- ✧ Samsung LED Chip
- ✧ 90° beam angle
- ✧ CRI - >80
- ✧ Power factor - 0.94
- ✧ 40,000hr lifetime
- ✧ 3 year warranty

Available in

- ✧ 70mm & 90mm cutout
- ✧ Warm white 3000K
- ✧ Cool white 4000K

- ✧ Driver, flex and plug included
- ✧ IES file available

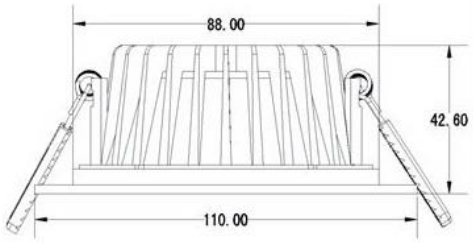
Downlight Anti-glare Series



Features

- Dimmable across triac dimmers
- Frosted recessed lens
- Gimbal pivot faceplate
- Epistar Chip
- 60° beam angle
- CRI – 80
- Power factor – 0.9
- 40,000hr lifetime
- 3 year warranty

Available in

- 90mm cutout
- Warm white 3000K
- Cool white 4000K

- Driver, flex and plug included
- IES file available

Spotlight Series

Features

- 3 models including
  - Eco - non dimmable (440lms)
  - Eco dimmable (430lms)
  - Ultra - Ultra high lumen output (560lms)
- Compatible with most Australian transformers
- COB Lextar Chip
- 60° beam angle
- CRI - 82
- Power factor - 0.99
- 30,000hr lifetime
- 3 year warranty

Available in

- Warm white 3000K
- Cool white 4000K

- IES file available
- See website of compatibility list

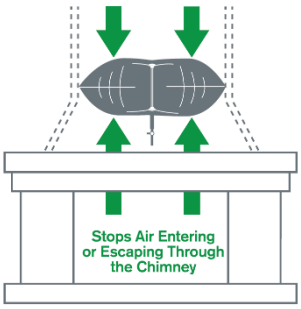
Energy Saving Power boards – AV & IT

The Emerald Planet Energy Saving Powerboards are easy to install, connecting to your television (AV boards) or computer (IT boards) and are designed to shut down peripheral appliances when the TV or Computer is turned off or are inactive, saving you power and money.

Using state of the art design and technology the Emerald Planet energy saving powerboards all incorporate 6 plug outputs and surge and overload protection.

✧ VEET Approved

Chimney Balloons



The Emerald Planet Chimney Seal is an effective way to eliminate chimney draughts in the home. It saves power and money by keeping the home warmer in winter and cooler in summer.

Made from durable & flexible PVC plastic, its inflatable and reusable design makes it simple to install. The chimney seal is available in different sizes to cater for all chimney types.

Features

- **Small**
  For chimneys 38cm x 23cm
- **Medium**
  For chimneys 60cm x 30cm
- Tough plastic flexible construction
- Extension inflation hose
- Comprehensive installation instructions
- Installation reminder disc
- Hand pump for inflation

Door Seals

The Emerald Planet Door Seal is quick & easy to install. It keeps the home warmer in winter and cooler in summer by eliminating external draughts and also preventing dust and leaves entering the home.

The Emerald Planet Door Seal is slim line with an A-grade adhesive ensuring the door seal will not come off once applied.

Available in Brown & White

Features

- Available in Brown & White
- Fits doors up to 92cm
- Seal Gaps
- A-grade 3M adhesive
- MOQ – 1 box (120pcs)
