

## VANGUARD PREMIUM SERIES

Using slimline back-lit technology and a flicker-free driver, the Vanguard Premium Panel's technology allows light to naturally project through less material, ensuring the panel will not age, discolour or flicker over time.

The panel dual motion & lux sensor is easily controlled by the Emerald Planet **Universal Remote Control** (sold separately). The handheld remote switches the sensor on & off, changes the colour temperature and adjusts hold time, stand by periods and stand by dimming levels. The remote control also includes 4 preset program options to choose from. You have the choice to set your own preferences or select from one of the pre-set arrangements.

## FEATURES

- Panel controlled by a handheld remote control
- Flicker free driver
- Low glare rating >19 UGR
- No shadowing or aging
- Flex and plug included
- Tri-colour (4000K, 5000K & 6000K)

EP-UNIV-R

## SPECIFICATIONS

POWER FACTOR	>0.9
CRI	>80
BEAM ANGLE	120°
IP RATING	20
DIMMABLE	Yes
LIFETIME (L70)	>60,000hrs
WARRANTY	5 Years
